Gender: Female	AGE (at start of program): 15	Country: Spain
Religion: Catholic	Native Languages: Spanish	English Language Proficiency: Good
Grade on Arrival: 10th	ELTiS Score: 233	

Profile

Paula is a lovely and talkative girl. She has two older sisters with whom she shares a close relationship. They enjoy spending family time together by cooking, having dinner, playing ball games on weekends, or taking a walk to the countryside for 2-3 hours. Paula's favorite hobby is basketball; she has been playing since she was five. She trains three days a week and is an important player in her school's basketball team. Playing basketball taught Paula the value of teamwork and the importance of good physical qualities. During summertime, Paula enjoys surfing with her family.

On weekends, Paula usually hangs out with her friends. They go for dinner, watch comedy films, and visit the city together. Paula is also a big soccer fan. Her favorite team is Royal Madrid, while her favorite player is Belingo. She considers herself lucky to have been to the stadium to watch the competition. She would love to try baseball or American football in the US.

Math is Paula's favorite subject in school, and she is very interested in it. However, she finds Chemistry challenging. In addition to Spanish & English, Paula can also speak some French.

Paula describes herself as timid when she meets new friends, but she becomes talkative, funny, and cheerful when she feels comfortable. Her dream is to study in the US and become a basketball player. She is Catholic, but attending any Christian church is okay with her. Paula and her sisters share the housework three days a week, cleaning the house, bathroom, and dishes.

Overall, Paula is a happy, talkative, and cheerful person. She would love to share Spanish culture with your family!

Allergies: None.
